The Centenary Congress is drawing closer! This lifetime event is yours, and we are planning the best way for you to present in person as well as to connect you remotely with attendees around the globe. Please send us your proposals for papers, symposia, and posters. The abstract submission deadline has been extended until January 31, 2022.

Celebrate ISR 70th anniversary with us by witnessing and taking part in the many unique events we have planned for this special occasion. Here is a glimpse at major aspects of the program.

1. We will have a number of interesting symposia, oral presentations, and posters on the following topics: Trauma / Psychotherapy / Forensic assessment / Ethical considerations / Neuroscience, perception, and projective testing / Research on the Rorschach test / New insights into the history of the Rorschach / Hermann Rorschach and art. Submissions are being accepted until January 31, 2022, following this link

2. Keynote Speakers
   - Prof. Robert F. Bornstein, PhD, Adelphi University (USA)
     “Toward an Integrative Perspective on the Person: Using Performance-Based Test Data to Enhance the Diagnostic Systems”
   - Prof. Dario Gamboni, PhD, University of Geneva (Switzerland)
     “Moins et plus qu’une image : des raisons d’un succès planétaire” (“Less and more than an image: reasons for a worldwide success”)
   - Dr. Yoshiaki Tsushima, PhD, National Institute of Information and Communications Technology, Center for Information and Neural Networks, (Japan)
     “Flying back and forth between perception and the Rorschach”
   - Prof. Fernando Vidal, PhD, Catalan Institution for Research and Advanced Studies (Spain)
